

Right 2 Ride

We all want the **Right 2 Ride** our bikes on the roads or in the veld, but it is becoming increasingly difficult these days. How many people do you know involved in accidents on the roads, being highjacked, injured or even killed?

Stand up and Unify all cyclists!

Let us spread a positive attitude about our Right to be on the roads and safety issues that concern us.

Join me and Sign-Up for the start of the Right 2 Ride!

Our Objectives:

- Launch the **Right 2 Ride**
- Unify cyclists in a common goal of increasing awareness and road safety, by adhering to simple rules.
- spread the 10 commandments for conducting ourselves on our bikes, giving us the **Right 2 Ride**
- Raise funds to spread awareness, via Sign-Up

It would be greatly appreciated if you could go out of your way to join me and make a difference; it is for all cyclists to STAND UP and show that we have the **Right 2 Ride!**

I am appealing to everyone to donate a small amount to the start of this initiative

Follow the TEN COMMANDMENTS of the RIGHT 2 RIDE
